## HUGH TEVIS DIES SUDDENLY WHILE VISITING AT YOKOHAMA.

### He Was Recently Married to Beautiful Cornelia Baxter, the Denver Belle, and Couple Went to Japan on Wedding Tour--Romantic Story of Engagement.

DENVER, June 7.—Ex-Governor Baxter of Wyoming received a telegram this morning from his daughter, Mrs. Hugh Tevis, who is at Yokohama, announcing that her husband was dead and that she would sail for San Francisco at once with the body. The cablegram gave no further particulars.

Miss Cornelia Baxter, who was a noted beauty society belle of this city, was married a few weeks ago in California to Mr. Tevis and they sailed for Yokohama on their honeymoon tour.

DENVER, June 7.—The cablegram announcing Mr. Tevis' death was as follows:

HUGH TEVIS.

MRS. HUGH TEVIS.

YOKOHAMA, JAPAN, JUNE 6.  
TEL.—GEORGE W. BAXTER.  
DENVER, COLO., U. S. A.—HUGH DEAD. RETURN TO SAN FRANCISCO JUNE 23.  
CORNELIA.

The news was a distinct shock at the Baxter home.

Mr. Tevis started with his bride for a tour of the world two days after their marriage, which took place at San Francisco on April 10.

Several letters had been received from Mr. and Mrs. Tevis since their departure, none of which gave any hint of illness.

Immediately on receiving the cablegram Mr. Baxter wired his daughter for the name of the boat on which she would sail for home and further particulars of her husband's death.

At once a reply had been received.

It may be that Mrs. Tevis left Yokohama today and did not receive the cablegram.

Mr. and Mrs. Baxter will go to San Francisco to meet the widow.

Cornelia Baxter was born in Knoxville, Tenn.

She was raised in Wyoming, where her father owned a large cattle ranch.

She was sent to Paris to complete her education, and first met Mr. Tevis while abroad.

She made her debut in society in Denver last year, and at once became a great favorite.

She is a remarkably pretty woman, and was chosen by the Slaves of the Silver Serpent as Queen at their last meeting.

whose death at Yokohama is reported by cable. was the second son of Lloyd Tevis and one of the heirs to the vast estate left by that multi-millionaire. He was about 40 years of age and a graduate of Harvard.

While at that university he entered in a rifle footrace, which he won, but in so doing exerted himself so severely as to affect his heart.

The complaint then contracted never left him, and he was subject to attacks of heart trouble. It is believed by friends here that a recurrence of this ailment caused his death.

#### WAS TWICE MARRIED.

Mr. Tevis was twice married, his first wife being a daughter of Judge Bossett, a prominent jurist of Oakland, recently deceased.

By her he had a daughter, now about 8 years old, who survives him and lives in Oakland.

The first Mrs. Tevis died several years ago, and quite recently Mr. Tevis was married to the daughter of ex-Governor Baxter of Denver.

#### ROMANTIC MEETING.

Their meeting was romantic and the wedding caused quite a stir in society circles, both here and in Colorado.

#### THE WEDDING GIFT.

Mr. Tevis presented to his bride as a wedding gift the deeds to his splendid country home on the Cliffs overlooking the sea at Monterey.

This place, one of the finest on the coast, is now being enlarged and partially rebuilt.

It was to have been occupied by Mr. and Mrs. Tevis on their return from their wedding tour, which began at this city and now has been so early terminated in the Orient.

Mr. Tevis was a man of athletic build, a member of many leading clubs and popular among his associates.

mother of Hugh Tevis, and her two sons, Lloyd and Breckenridge, and Dr. Will left here at noon by special train for San Francisco.

As yet they have no plans whatever, for the particulars received by them from Yokohama regarding Hugh Tevis' death have been so very meagre that they are unable to do anything until more definite news reaches them.

Mr. Tevis' little daughter is in San Francisco and will meet her grandmother there.

General sadness prevails here since the news reached Del Monte, for Mr. Tevis had many warm friends here and was greatly admired by those among whom he spent the past year.

At Monterey the feeling is of a public calamity, for in the death of Hugh Tevis the town loses its most public-spirited citizen.

## MAGNIFICENT HOME IN THE SPANISH STYLE

The Tevis home in Monterey is in the style of Spanish Renaissance, and to a certain degree resembles Stanford University. It is built on the edge of a rocky promontory overlooking Monterey Bay. From its windows Del Monte may be seen to the west peering upward to the pines, and behind the road leading around the 17-mile drive winds along. The house cost \$30,000, and is furnished after the

## MRS. TEVIS WAS KNOWN IN COLORADO.

A dispatch from Denver published March 26th gives the history of Mrs. Tevis as follows:

DENVER (Colo.), March 26.—The name of Miss Cornelia Baxter is probably more widely known than that of any other individual of her age in Denver. Her youth, beauty, style and the wealth and social position of her people make her distinctly the belle of the younger set in Denver.

The Baxters came to Denver only a few years ago. Their home previous to that was in Wyoming, where Mr. Baxter was one of the big cattlemen, and where the family lived on a mammoth ranch. Mr. Baxter served as appointive Governor of the Territory under President Cleveland.

Miss Baxter began to mingle in Denver society, even at large and formal functions, very soon after she came to Colorado, when not more than fourteen or fifteen years old; but it was not until last fall, after her return from a year in the fashionable finishing convent of the Sacred Heart in Paris that she made her formal debut.

#### SHE CREATED A FURORE.

Rumors of her conquests had preceded her. At the Grand Prix, which she attended as the guest of Mrs. J. J. Brown of this city, she created a furore. The impressionable Frenchmen fell in swarms before her brilliant blonde beauty, and

## FIERCE BATTLE WITH WILD MAN IN THE HILLS.

### Deputy Sheriff Hitchcock Had to Make a Fight For His Life.

## MADMAN DROVE HORSE AND OVERTURNED BUGGY.

While making his final round about 4:30 o'clock this morning, Deputy Sheriff Hitchcock was startled by seeing a man half clad running wild over the Piedmont hills. The man was carrying a pillow and a blanket under one arm and was gesticulating wildly with the other.

Hitchcock at once gave chase, but the feeling man redoubled his efforts as soon as he perceived that he was being pursued by the officer. For about a quarter of a mile Hitchcock chased the fugitive on horseback. Then, dismounting, he followed him through back yards and over fences until they reached Perry street, where he overtook the man.

A sharp struggle ensued, and it was some time before the officer succeeded in reducing his captive to submission.

Hitchcock secured a buggy and started to bring the half-clad man to the Receiving Hospital, as it was evident that he was mentally deranged. They had not proceeded far when the maniac grabbed the lines and overturned the buggy. No damage, however, was done. Getting into the buggy again, Hitchcock drove to the hospital.

At the hospital the man stated that his name was John A. Nystrom, and that he was a native of Sweden, aged 47 years.

Additional particulars were given by John Hendrickson of Pleasant Valley, with whom Nystrom, or Charles Miller, as he is also known, has been staying the last three weeks. Nystrom is a machinist. About three weeks ago he went out on a strike with the employees of the Union Iron Works. Since then he has been on a protracted spree, which is considered to be largely responsible for his mental derangement.

Early this morning about 3 o'clock Hendrickson was awakened by Nystrom. The latter was crying for help, saying that the devil was after him.

Warden Page had a fierce battle with the madman before he succeeded in quieting him. He then strapped Nystrom to the bed.

The patient was recommended by Drs. Knox and Mayon for commitment to an insane asylum. Nystrom is a single man and has no known relatives in this State.

## AMERICAN HORSE WINS ENGLISH TROPHY.

LONDON, June 7.—Another of Britain's great racing trophies has been captured by an American. Foxhall P. Keane, having won the Oaks with Cup and Bells II, ridden by Milton Henry. The owner, horse, and jockey are all thoroughbred Americans, so the victory was not diluted as it was in the case of the Derby. Yesterday long odds were obtainable on the American horses, but the odds shortened this morning until Cup and Bells II stood at the head of the list and started at 9 to 4 against. The hollowness of the victory detracted from the interest in the race.

The conditions of the race were as follows: The Oaks stakes of 4,500 pounds, by subscription of 50 pounds each, for 3-year-old fillies, to carry 125 pounds each, about one mile and a half. The following was the result in detail:

For half P. Keane's bay or brown filly Cup and Bells II, Domino-Ben May Chree, first; Lord Eilemere's brown filly St. Brinetta, Kilmartin-Sabra, second; Richard Croker's bay filly Minnie Dee, Fitzsimon-King's daughter, third. Twenty-one horses ran.

## JOHN D. ROCKEFELLER GIVES SOCIETY \$200,000.

ST. PAUL, Minn., June 7.—A gift of \$200,000 from John D. Rockefeller for the furtherance of scientific research along medical and surgical lines was gratefully acknowledged by the executive committee of the American Medical Association. The details of the benefaction are not yet known to the executive committee.

## PARDEE IS OUT OF THE FIGHT.

### Move on Foot to Nominate Chas. E. Snook for Lieutenant Governor.

Is George C. Pardee out of the fight for Governor? It would seem so. In fact, a political article printed yesterday in the Enquirer, which speaks by authority so far as Dr. Pardee is concerned, virtually gives out the news that the doctor is out of the running.

It was plainly prepared to convey that intelligence without directly saying so, for it gives a cast of the political play in Alameda with Hamlet left out.

What it purports to give out is a rumor that there is a move on foot to nominate an Alameda man for Lieutenant-Governor on a ticket with Gage. It is out of the question to suppose that Alameda county could have both the leading places on the ticket, in any event, but the tenor of the article assumes that Governor Gage will be nominated to succeed himself. It conveys the idea that Governor Gage is debating the advisability of selecting a running mate from this county and plainly gives out the impression that the Enquirer regards such a combination with favor, provided a man to its liking is selected.

This disposes of Dr. Pardee as a candidate. Any such deal would shelve him and it is not likely that the paper in question, in view of its intimate relation to the doctor, would favorably trumpet a scheme to destroy his aspirations unless it did so by authority.

While apparently favoring the suggestion, the Enquirer gives the left hand to all the men whose names it mentions. It first alludes to W. R. Davis in a doubtful way, and then follows with George W. Reed and W. G. Henshaw.

It says: "Other names mentioned are those of George W. Reed and W. G. Henshaw. Mr. Reed's name is mentioned, probably, on the theory that he is ambitious, and that farmer Nussbaumer appears to be persona grata to the Governor. Henshaw is looked upon as a financial possibility. The Republican management next year is going to need grub-staking and Mr. Henshaw is a banker."

In fact, the Enquirer does not regard either of these gentlemen with a loving eye, as is plainly discernible in the way it speaks of them.

Now, what is behind all this? To those initiated in politics the article may be construed as announcing that Dr. Pardee is out of the gubernatorial fight, and suggesting men for the Lieutenant-Governorship to whom it is opposed.

As a fact there is a quiet move to harmonize political differences in the Republican ranks here by selecting someone for the Lieutenant-Governor-

ship that all factions can unite upon. It is yet in its incipency but the move is being engineered intelligently.

This move has for its object the nomination of Charles E. Snook, ex-District Attorney. The proposition is to back him with a solid delegation from Alameda county, if it can be done without an inter-

ROMANTIC STORY OF MARRIAGE OF TEVIS.  
SADNESS OVER THE NEWS AT DEL MONTE.  
**SARAH BERNHARDT WILL PLAY ROMEO ON AMERICAN STAGE.**

LONDON, June 7.—Sarah Bernhardt will play Romeo for a hundred nights in America to Maud Adams' Juliet. This important theatrical event was arranged last evening at a supper given by Sarah Bernhardt to Charles Frohman, at which Maurice Grau, her manager, was also present. Mme. Bernhardt will play in English, and after the American tour the two actresses will appear here and on the Continent.

Mme. Bernhardt has taken Mr. Frohman's prompt copy in manuscript and will study the role in English during the summer. It is the desire of both managers to have Mme. Bernhardt appear as Romeo, following her coming production of "Theodora" at the Sarah Bernhardt Theater in Paris.

## DR. GEORGE C. PARDEE'S CONDITION IS ALARMING HIS FRIENDS.

Dr. George C. Pardee is dangerously ill at his home, 672 Eleventh street, and his relatives and friends are much concerned over his condition.

Two months ago Dr. Pardee was stricken with the grip as the result of a severe cold. At the time little was thought about the matter and it was believed that the usual remedies would kill the grip germ and restore the doctor to his usual robust health.

The cold, however, could not be broken by the ordinary remedies and Dr. Pardee was compelled to take to his bed, a very sick man. He has now been confined to his room for nearly two months.

The doctor's lungs are now affected and the attending physician declares that the greatest care must be taken to pull Dr. Pardee past the danger point. Indeed Dr. Pardee's condition has been so serious that few of his friends have been allowed to see him. The attending physician declares that the only salvation for Dr. Pardee is to get him out of this climate and into the mountains, where the air is dry.

The present condition of the patient, however, precludes his removal. He is very weak as a result of his long illness, and until he rallies and gains strength no attempt will be made to remove him to the mountains. Inquiry at the home today brought out the fact that Dr. Pardee is very ill, and there is no telling when he will be removed.

ecine struggle.  
That's the milk in the cocoa-nut.

The Enquirer article states that Governor Gage and Lieutenant-Governor Neff are not in friendly accord and that the Governor sees the advisability of forming political alliances in Alameda county, which has the largest reliable Republican majority of any county in the State. It is well-known that Senator Flint of San Benito, president pro tem. of the Senate, is an active avowed candidate for the gubernatorial nomination. Neff, who has for years cherished gubernatorial aspirations, may also shy his cantor in the ring. With Pardee out of the fight, Gage's supporters would naturally turn to Alameda county to counter against diversions in other quarters. For some time they have been appraised of the likelihood of Pardee withdrawing from the contest and they did not apprehend any active opposition from the Enquirer, because Henry P. Dalton would probably be a candidate for re-election to the Assessorship.

Thus the article alluded to raises the presumption that the Enquirer is ready to support the proposition to nominate Gage and an Alameda man if Dalton is given a clear road to renomination.

That is the logic of the situation and apparently the inspiration of the Enquirer's utterances.

HUGH TEVIS DIES SUDDENLY

(Continued from page 1.)

the New York Journal correspondent established her position as a professional beauty when he announced her as the most beautiful woman at the races.

She came home with many a trunk filled with Paris gowns which set off to perfection her blonde loveliness. She had acquired a finished style in her carriage, bearing and grooming that proclaimed her a cosmopolitan belle—one who might as easily command recognition at the court of St. James as in Denver.

Upon her return from Europe she was accompanied by Gerald Hughes. It was commonly quoted, even in print, at the time that he went over to Europe to bring her home, and the statement was not denied. The next triumph after her return was her formal debut, when she got flowers enough to fill a conservatory. Then she was made Queen of the "Slaves of the Silver Serpent." Her magnificent empire gown, embroidered in silver, with its court train of old rose velvet; her jewels, her flowers, her queenly bearing and beauty were all topics of conversation and general admiration.

All this time Mr. Hughes was ever at her elbow. Rumors of their engagement were rife. It was accepted as a fact among the society people all over "The Hill," especially in that smart young set which Miss Baxter and Mr. Hughes are members. It was not denied and it was not announced.

PELL LIL OF PNEUMONIA.

Finally, Miss Baxter fell ill of pneumonia and when she was able to travel the family went to California for the rest of the winter. Mr. Hughes accompanied them, but remained only a short time. He returned to take his place in the law office of his father, Charles J. Hughes, who had also been very ill and went to California with his family to recuperate. It was a matter of common comment among society folk that the wedding would take place after Easter, and that Miss Baxter was occupying her time at Monterey in preparing for it.

In a morning paper of Denver, February 17th, appeared the following statement: "The following dispatch has been sent from Knoxville, Tenn.: 'The information has gained currency here that Miss Cornelia Baxter and Mr. Gerald Hughes are to be married in Denver April 30th.'"

Mr. Hughes when interviewed as to the dispatch at the time neither affirmed nor denied it. He said: "When there is anything to announce concerning my engagement I will give it to you."

When interviewed tonight as to the dispatch from San Francisco concerning

the broken engagement, he said: "No engagement between Miss Baxter and myself was ever announced. There never has been any engagement to announce and I shall hold any paper responsible that makes any such statement."

HUGH TEVIS CAME FROM A NOTED FAMILY.

The Tevis family of which the groom-to-be is a member is very well known. Originally from Kentucky, the head of the California branch, Lloyd Tevis, came to this Coast in 1849 and since then until the time of his death on July 24, 1890, his name has been connected with nearly every enterprise of magnitude on the Coast. As president of Wells, Fargo & Co., he was known as one of the leading financiers of the United States. The Tevises were among the acknowledged leaders of the Southern society set, and their entertainments in the '90s are still talked of as most brilliant gatherings.

Hugh Tevis is the second son of the late banker. His first wife was the daughter of Judge J. H. Boalt. She died in 1890, leaving one child, a daughter, Dr. Harry Tevis, the eldest son, is apparently a confirmed bachelor. He spent two years in New York, where he practiced his profession.

William S. Tevis, the youngest son, is married. His wife was formerly Miss Isabel Pacheco, daughter of the late Governor Pacheco, a descendant of the early Spanish settlers of the State.

The daughters are both married, one being the wife of Gordon Blanding, the attorney who resides at 2000 Franklin street.

The younger daughter is Mrs. Frederick W. Shuron, wife of the only son of the late Senator Sharon. They live most of the time in Paris.

To these children and his widow went the enormous fortune of Lloyd Tevis—a fortune which has been estimated as high as \$25,000,000.

STORY OF THE ENGAGEMENT IS TOLD.

The Examiner on March 27th said: "To set Paris agog with enthusiastic comments of one's beauty; to be forgotten at every turn; to be the rage in that city of a hundred beauties was the universal fortune of beautiful Miss Cornelia Baxter. A beauty she is, too—beauty of the luminous blonde type, with glorious blue eyes and hair like the traditional 'spun gold.' Her cheeks are like the rose—again to use the commonest of metaphors—an American beauty; and her shapely head has a Greek poise. Her hair she wears a la pompadour in a big golden coil on top of her head.

"Mrs. Baxter and her daughter were about to take their departure from the Palace for the Tevis home, where they were awaited at dinner, last evening, when the elder lady was asked as to the engagement which caused so much comment in social circles yesterday.

"Yes, she answered. 'They met and fell in love and became engaged in the course of three weeks at Del Monte. I have met Mr. Tevis before. In fact, we have been good friends for a year, for we met at Coronado last winter. My daughter was not with me then, and so they did not meet until three weeks ago, when Mr. Tevis came down to Del Monte. We renewed our acquaintance, and I introduced him to Cornelia, and it was, as I told you, love at first sight. Wasn't it, daughter?'"

GRADUATE FROM  
CENTRAL SCHOOL

Bright Pupils Have Finished Their  
Grammar Course and  
Are Rewarded.

The graduating exercises of the Central High School were held in Chabot Observatory last evening.

The quartet composed of Messrs. Dean, Dowdle, McCandish, Mohr, Redfield, Carlton, Lloyd, and Holcomb rendered several patriotic selections.

Miss Emma Bingham gave the class history.

Scott Veatch was the class profit.

Miss Lois Mendenhall gave two violin solos.

Hon. John P. Irish then delivered an interesting address. He said in part:

"Today Europe has come to say that the American handicraft is reaching out and assuming the supremacy of the world. This coast has been behind because of the lack of a near-at-hand market, but schools like this will do much to meet the needs. The sure foundation must come from the more practical knowledge gained in such a school. The graduates are men and women already because of their choice of this practical work."

County Superintendent of Schools Crawford spoke of the importance of education. City Superintendent of Schools McClymonds presented the diplomas to the following: Eugene Herbert Blanchard, Walter Edward Bullock, Allen Tremaine Hatch, George Hayward Martin, Norman Russell McKinnon, Alton Le Claire Unplined, Scott Baskirk Veach, Emma Powellson Bingham, Gertrude May Brady, May Agatha Brenner, Sadie Ray Bromley, Mary Julia Croun, Helena Josephine Gay, Rhea Angela Lukens, Peruna Pett, Nellie Veach Schultz, Maude Coleman Swift.

We have cut loose from the serious part of our work and have spent the day contemplating our record as the most remarkable class that ever graduated from the Oakland High School, of course."

## THE CONTRA COSTA TUNNEL.

Now that the authorities over the divide have agreed to appropriate \$7,500 towards the construction of the Contra Costa tunnel, it ought to be commenced at once. There are absolutely no reasons for delay. The surveys have been made, all the engineering problems have been solved, and the estimates are completed. The Contra Costa Supervisors attach a condition to their agreement that this county shall appropriate a similar amount by July 1st, and this ought to be easily met, for what our northern neighbor can do, Alameda county with all her wealth and population is at least able to equal, and the Supervisors will unquestionably see it in that light. The sum suggested is insignificant in view of the advantages to be derived from the work.

The sooner the work is begun the better, and we can rely upon the engineers to hasten the construction, once they get started. Tunnel building is thoroughly understood these days, and the best machinery is easily procured, so no time will have to be lost in experimenting, as was the case in early operations of this kind. Let us all act together, and by the middle of next year, at the latest, we shall have a finished road of easy grade connecting the two counties. The benefit to Contra Costa, in giving that community ready access to this section and making its road system easy of approach from this side of the ridge, will be felt immediately, as its valleys and hills will then be visited by hundreds where now only tens drive thither, and its population will naturally soon show a material increase. Alameda county, on the other hand, will become the market for the producers of Contra Costa and our merchants will get their trade.

It will be of the greatest advantage to both. So let us lose no time in getting the money together and starting the work.

## ADVENTISTS MAKE SOME RECOMMENDATIONS.

The California Seventh Day Adventists met again today. There was a large attendance. This will include the evangelical, educational, medical and publishing work. The object of this organization as stated in its constitution is to unify and extend the work of the everlasting Gospel throughout the conference and the mission fields of the world.

Similar organizations have already been formed which includes the various conferences of the denomination throughout the entire world. The officers of the Union Conference consist of a president, secretary, treasurer and an executive committee of nine members, to include the president of the Union Conference and the president of each local conference, to hold office for two years.

## RECEPTION AT CAPWELL HOME.

Employees of the well-known Firm Are Given a Pleasant Evening.

One of the most pleasant occasions of the week was the reception tendered Thursday night by Mr. and Mrs. H. C. Capwell at their new home in Piedmont to the employees of the Lane House. The reception was in the nature of a housewarming as well as one of the opportunities which the proprietors of the Lane House always take to cement the good feeling that always exists in that establishment.

The beautiful home of the Capwells on the corner of Fairview and Oakland avenues—one of the prettiest spots in Piedmont. The decoration commenced at the rustic arch which spanned the entrance to the grounds and extended to every room in the house. The guests, who numbered half a hundred, were received under a canopy of Chinese lanterns by Mr. and Mrs. Capwell and were cordially tendered the freedom of wherever their fancy might lead them. The halls, parlors, billiard room, dining-room and cloak rooms were very tastefully decorated with greenery and flowers and presented a very festive appearance. The evening was passed with music, songs and recitations and it was just midnight when the guests departed after partaking of a beautiful buffet banquet.

Mrs. Capwell and Mr. A. L. Lavenson presided at the piano during a delightfully informal concert in the billiard room and a selection of songs and guitar music added much to the enjoyment of the guests. Before taking the cars into town the guests, among whom were a number of well-known local musicians, sang several choruses on the moonlit lawn.

The guests were: Mr. and Mrs. H. C. Capwell, A. S. Lavenson, Mr. and Mrs. S. W. Booth, Mr. R. J. Jellert, B. P. Seagrider, William McCarthy, C. Stinson, C. L. Learn, M. R. A. Robertson, J. C. ## MRS. ROY GILLAM TELLS THAT SHE HAS BEEN A BRIDE MANY WEEKS.

When Roy Gillam, son of John Gillam, the wealthy East Oakland grocer, left on May 31st last to join a surveying party at the Isle of Guam, his parents and friends were unaware that on the day prior to his departure he had taken unto himself a bride. But the secret was leaked out, and Miss Alice F. Ward, the charming daughter of William W. Ward of the U. S. transport service, blushing admitted today that she is now, and has been since May 31st, young Mrs. Gillam.

The fact of the issuance of the marriage license some time ago was unnoticed at the time and was not known even by the groom's parents. The nuptial knot was tied by Rev. Dr. Baker, pastor of the First Presbyterian Church, in his studio; and the young wife gently broke the news to her parents and father-in-law last evening.

Young Mr. Gillam left the day after the marriage, and Mrs. Gillam expects to join him at Guam, leaving by the first steamer in July.

We had planned to keep the matter quiet," said the blushing bride today, "but now that the secret is out I might as well admit the truth, for I expect to leave next month to join my husband at the Isle of Guam."

Teddy Joste had occasion to act the part of the Good Samaritan yesterday afternoon on the Fish Ranch road. While he was returning to Oakland over the road he found Nittan Levy, a peddler, lying unconscious near the bottom of a small ravine, the peddler's wagon near by smashed and the horse dead. He promptly removed Levy to the residence of Dr. Benjamin T. Nasser, where it was found, upon a hasty examination that Levy's condition was exceedingly critical. The injured man was removed to Fathola Hospital where Dr. R. Fearn attended him. Besides severe bruises and lacerations, Levy is believed to have sustained internal injuries.

It appears that the peddler had lost control of his horse and was precipitated over the grade.

## Don't Hesitate.

There is just one thing to use if your stomach is "out of order" and that "one thing" is Dr. Pierce's Golden Medical Discovery.

The supposition is that you want a prompt cure and a lasting cure. That is why the "Discovery" is recommended as the one thing for your condition. It cures promptly, perfectly and permanently, diseases of the stomach and organs of digestion and nutrition. It's sure to help. It's almost sure to cure. It has completely cured ninety-eight per cent. of all those who have given it a fair and faithful trial.

"About ten years ago I began to have trouble with my stomach," writes Mr. Wm. Conolly of 535 Walnut St., Lorain, Ohio. "I got so bad that I had to lay off quite often two and three days in a week from the stomach and would vomit and I would belch up gas, and was in great distress at such times. I have been treated by the best doctors in this city but got no help whatever. Some said I had cancer of the stomach, others dyspepsia. I have bought and tried everything I saw advertised for dyspepsia and stomach trouble, but continued to get worse all the time. About twelve months ago I was in such a condition that my friends had some fear about my recovery. It was then I wrote for your advice. You told me that by my symptoms you thought I had liver complaint and advised the use of your 'Golden Medical Discovery' and 'Pleasant Pellets' in connection. These medicines I have taken as directed, and am very happy to state that I commenced to get better from the start, and have not lost a day this summer on account of my stomach. I feel up-to-date, and better than I have for ten years."

Dr. Pierce's Pleasant Pellets cleanse the bowels and stimulate the liver.

## IS JOHN METZ DEAD OR ALIVE?

New York John Metz Declares That He Is Still in Business.

### WHO WAS OAKLAND JOHN METZ SENT TO GRAVE?

NEW YORK, June 6.—Twice reported dead, John G. Metz is waiting today for the arrival from California of a body said to be his own.

Metz is a wholesale butcher on West Portland street. He is sorely puzzled by the reports that he has twice received of his own death, and at a loss to explain the apparent mystery. The first time the body of a man was picked up on the Hudson. On one arm was tattooed "J. G. M." By a singular coincidence Metz' arms are also tattooed "J. G. M." This led to the identification of the body as that of Metz.

New Oakland, Cal., is the scene of Metz' second reported death by drowning. He is fairly well described in a telegram, and is said to be a wholesale butcher of New York. It is stated that a New York fraternal society is forwarding the remains to this city.

"Why," said Metz today, "I've never been further from home than Coney Island. I never heard of any other man of my name in California or elsewhere, who was in the same business, and I am curious to know more about the case. It beats me."

The California suicide's name was simply John Metz. He was 34 years old, a widower, 5'10 came from New York, where he had been a wholesale butcher, but had been cheated out of his property by a partner. He grew dependent on his losses and at not being able to secure a position, and took his own life.

This John Metz arrived in San Francisco from New York and secured a room at 224 Bush street October 13th. He remained there till December 13th. Then all trace of him was lost. December 17th an unknown suicide, found in the waters of the bay, was buried in Oakland. Day before yesterday a butcher business, located at 321 Bush street, San Francisco, was used to room with John Metz, went over to Oakland and positively identified in the coroner's office a Yale key to the room John Metz had shared with him.

In John Metz' trunk at 321 Bush street is his naturalization certificate, dated December 11, 1885, and issued as his second papers by the New York Court of Common Pleas.

Other roomers in the house say that John Metz had informed them that he used to own a home in New York City and conduct a wholesale butcher business. Memoranda in his note book indicate that he had had property worth \$15,000 and that he was a member of the Foresters of America, Lodge No. 216, New York city.

### TOWN TRUSTEES HOLD A MEETING AT HAYWARDS.

HAYWARDS, June 7.—Wednesday night the Board of Trustees held their regular meeting. The regular bills were allowed and ordered paid. The matter of the defective hydrant on the corner of Grace and Castro streets was brought up; it was ordered to be taken out and the company requested to put in a new one. It was also requested that the company run a six-inch main to the end of the street, where two more hydrants be placed.

The matter of the work on Buena Vista street not being completed was brought before the Board. It was referred to the Committee of the Whole to inspect the street.

The monthly reports of the Clerk, Marshal and Night Watchman were read and approved.

The Library Trustees made a formal transfer of the Library to the City Trustees, in accordance with the law lately passed by the Legislature.

There being no further business to come before the Board, the meeting adjourned. The list of advertised letters is as follows: Serge Bonardo, Mrs. Mary Campbell, Rudolph Denger, J. H. Delver, Mrs. Frank Rhodes, Mrs. Katie Hartman, A. B. Heffner, G. Jose Lemos, Michael Miller, Manuel Montes, J. C. Perry, K. Okumura, J. Schultz, R. Trevasakis.

### PUBLIC SCHOOL EXERCISES HELD AT ELMHURST.

ELMHURST, June 7.—Last night the public school closing exercises were held in Redman's Hall. The exercises were held under the direction of the following teachers: U. D. Armstrong, principal; Miss E. E. York, Miss Grace N. Hostetter and Miss Josephine Harris.

The children have been rehearsing for the past week and everything went off without a hitch. There was singing, speaking and drills. Among the drills were the flag, dumbbell and wand drill.

The graduating class is as follows: Miss Katie Gray, Miss Edna O'Neill, Edie Brand and George Rodier. All the graduates passed with high honors.

Yesterday Miss Emma Morrell and Eugene Herrier were married at the home of the groom's father by Rev. Clark. The house was decorated for the occasion with palms and flowers, and many friends of the young couple were there to wish them happiness. The groom, Mr. Herrier, is one of the most popular young men around the Elmhurst power house, where he is employed, while the bride is well known among the society young people.

### WILLIAM F. MERRILL HAS A LARGE AMERICAN FLAG.

FRUITVALE, June 7.—Wm. F. Merrill has received a large American flag as a present from his cousin, Charles R. Flint of New York, and he hoisted it with proper ceremonies, on the day when President McKinley arrived here. Mr. Merrill sent two sons to fight for the flag at Manila, and he has a number of relics of the war from there. Who of his friends and neighbors does not remember the reception and flag raising a year ago, when his son returned from Manila?

## OLD LAMPS ARE AT A PREMIUM.

Livermore People Are Finding a Way to Get Out of the Darkness.

LIVERMORE, June 7.—There was a sufficiency of gas left over in the mains and holder to supply the town last night and to prepare meals for many families using gas stoves this morning. The supply, however, has about run out, and the Livermore Gas Light Company is a thing of the past at least for the present. There is a great scurrying around to resurrect old lamps and many people are sending in orders to have their places wired for electric light. The town is not quite so dark as the city papers try to make it appear as the Livermore Water and Power Company supplies light and water to this place and light to Pleasanton. Livermore has been using gas for upwards of twenty years and during that time there was not a single case of asphyxiation.

A large number of teams and men belonging to the E. B. Stone Company were camped in the northern part of town last night.

The mess range and other portions of the camp outfit belonging to Company I, Fifth Regiment, N. G., were shipped to Santa Cruz yesterday in care of the Quartermaster Department.

Among the shipments from Livermore during the week were several carloads of wine to Mexico, New York, and several carloads of hay to Montana, Illinois, and New York.

The Fourth of July Committee is holding meeting nearly every night and is making extensive preparations for a large time. Pleasanton is preparing several floats to represent that portion of the valley.

Leonard Brothers' Circus which has been staying here for the winter started out today on a tour of the southern route to the northern part of the State. They made their first stand at Tesla tonight.

Mrs. N. Waterell has bought P. W. Truesdale's interest in the latter's refreshment parlors.

Yesterday Frank Garcia Rose died at the home of his parents on First avenue. He was 22 years of age, and a resident of this city for a great many years. The funeral services took place today at the Catholic Church, after which the body was interred at the Haywards Cemetery.

### AN INTERESTING DEBATE AT THE CENTRAL SCHOOL.

There was an interesting debate at the Central High School yesterday. It was between the Walter Scott Debating Society and the Daniel Webster Society. Miss Marcelle Carpenter and Walter Elms presided. On the affirmative side were Robert Enoch, leader, Miss Florence Trower, Gustave Roth, and John Lemos. On the negative side were Arthur Alexander, leader, Hermann Billington, Miss Lulu Burzo and Alison Kilgore. The subject was: "Resolved, That the Government should own its own utilities." The negative side won.

### GAS OUT.

Right Food (Grape Nuts) Does Not Generate It.

School Ma'ams have troubles of their own. Their work is of a nerve destroying character and frequently the question of food is a serious one with them. The right selection of food will cure dyspepsia and many other disorders of the body.

Sadie Crömer, 191 Olney Ave., Marion, O., says that after she had suffered from stomach trouble for years and without being able to find food that would agree with her, she finally was induced to try Grape-Nuts. The trouble with gas and nervousness coming from indigestion disappeared, and her own testimony says, "I gained in flesh so much that now I am heavier and better than I have ever been during the eight years I have taught school here."

"My stomach does not cause me the least trouble. I can eat anything I wish, but still continue to eat Grape-Nuts Food, for I like it and know of its value."

## TEACHERS MUST LOOK TO AUDITOR

Once more the teachers in the High and Central Schools find themselves against Auditor Breed. Today is the last day of the term, and the teachers will begin their vacation next Monday.

Naturally they want their money, and a great majority of them desire to take an outing in the mountains or at the seashore. But they cannot get it unless the legal tangle caused by the refusal of the Auditor to approve the water bills is straightened out. If this matter could be settled at once the Council could next Monday night transfer sufficient money from the fund against which the Water Company holds demands to pay the teachers' salaries. This cannot be done until the legality of the bills rejected by the A

Today the Contra Costa Water Co.

pany filed a mandamus suit to compel the Auditor to approve the bills. Should he file his answer tomorrow and ask for an immediate hearing the matter could be decided by Monday. In that event the Council could transact the necessary funds if the Court declared the bills legal.

But it is not known what the Auditor will do, and the teachers fear that it will not favor a speedy adjudication that will enable them to get the money in time to take their summer outing. Mr. Breed had not consulted City Attorney Johnson about the matter up to the hour of going to press and it is not known if he desires the City Attorney to appear for him in the matter.

Mr. Johnson was called up by telephone and said he would favor a hearing at the earliest possible moment provided the Auditor desired him.

decided by Monday, the Council will have to wait till the following Monday night to transfer the money. The will make a big hole in the teacher's vacation.

The only hope the teachers have now is that the Auditor will consent to a speedy hearing, so that the Council can act at the next meeting.

# MANDAMUS SUIT AGAINST BREED

---

The Contra Costa Water Company

Auditor A. H. Breed to compel him pay the city's water bills for the last year. The bills aggregate about \$28.00.

The suit is brought pursuant to the resolution adopted by the City Council March 24th ordering the bills paid. The complaint recites that notwithstanding the resolution adopted by the Council, Auer or Breed has refused and still does refuse to pay the bills.

Mandamus proceedings have been started for hearing before Judge Greene on June 17th.

The complaint was filed by Attorney George L. De Golla, representing Paul McCutcheon, Harding and Knight, the Water Company's attorneys.

# SOME TEACHERS

It was learned from a reliable source this afternoon that the School Directors contemplate making some important changes at the regular meeting tomorrow night. Some teachers will be dropped.

WEST BERKELEY, June 7.—The shoe store of D. A. Wentworth, 1101 University Avenue, was destroyed by fire at an early hour this morning. The blaze started on the outside of the building and in the rear.

At the time the firemen and fire engine arrived the interior of the stable building was a mass of flames. It was with considerable difficulty that the volunteer firemen succeeded in taking several cases of footwear from the building.

A car (couple) of the fire was that which carried the goods which were removed to the street.

The destroyed building was owned by Mr. Wentworth and was fully insured. The owner was not during the progress of the fire being in Martin with his wife.

The loss is estimated at \$100.

## GRADUATE FROM CENTRAL SCHOOL

Bright Pupils Have Finished Their Grammar Course and Are Rewarded.

The graduating exercises of the Central High School were held in Chabot Observatory last evening.

The quartet composed of Messrs. Dean, Dowdle, McCandish, Mohr, Redfield, Carlton, Lloyd, and Holcomb rendered several patriotic selections.

Miss Emma Bingham gave the class history.

Scott Veatch was the class poet.

Miss Lois Mendenhall gave two violin solos.

Hon. John P. Irish then delivered an interesting address. He said in part:

"Today Europe has come to say that the American handicraft is reaching out and assuming the supremacy of the world. This coast has been behind because of the lack of a near-at-hand market, but schools like this will do much to meet the needs. The sure foundation must come from the more practical knowledge gained in such a school. The graduates are men and women already because of their choice of this practical work."

County Superintendent of Schools Crawford spoke of the importance of education. City Superintendent of Schools McClymonds presented the diplomas to the following: Eugene Herbert Blanchard, Walter Edward Bullock, Allen Tremaine Hatch, George Haywood Martin, Norman Russell McKinnon, Allen Le Claire Unplured, Scott Euskirk Veach, Emma Powellson Bingham, Gertrude May Brady, May Agatha Brenner, Sadie Ray Bromley, Mary Julia Cronan, Helena Josephine Gay, Rhea Angela Lukens, Periana Pelt, Nellie Veach Schultz, Maude Coleman Swift.

Principal F. M. Fisher was congratulated for the successful closing exercises.

"Tonight we are happy, for our books are this have been disposed of at the second hand dealers, our pencils have been turned out to pasture and our answer books have been handed to our friends. We have cut loose from the serious part of our work and have spent the day contemplating our record as the most remarkable class that ever graduated from the Oakland High School, of course."

"But one thing prevents us from being as happy as we otherwise might be—the resignation of our beloved principal, Mr. J. L. McChesney."

The cast of characters follows: Old Man Rogers, Fred Ellis; Lydia Ann Rogers, Ruethe Lybich; Esmeralda, Louise Hagerty; Dave Hardy, Ray Baker; Esmeralda, Frank Shay; Jack Desmond, Geo. THE CONTRA COSTA TUNNEL.

Now that the authorities over the divide have agreed to appropriate \$7,500 towards the construction of the Contra Costa tunnel, it ought to be commenced at once. There are absolutely no reasons for delay. The surveys have been made, all the engineering problems have been solved, and the estimates are completed. The Contra Costa Supervisors attach a condition to their agreement that this county shall appropriate a similar amount by July 1st, and this ought to be easily met, for what our northern neighbor can do, Alameda county with all her wealth and population is at least able to equal, and the Supervisors will unquestionably see it in that light. The sum suggested is insignificant in view of the advantages to be derived from the work.

The sooner the work is begun the better, and we can rely upon the engineers to hasten the construction, once they get started. Tunnel building is thoroughly understood these days, and the best machinery is easily procured, so no time will have to be lost in experimenting, as was the case in early operations of this kind. Let us all act together, and by the middle of next year, at the latest, we shall have a finished road of easy grade connecting the two counties. The benefit to Contra Costa, in giving that community ready access to this section and making its road system easy of approach from this side of the ridge, will be felt immediately, as its valleys and hills will then be visited by hundreds where now only tens drive thither, and its population will naturally soon show a material increase. Alameda county, on the other hand, will become the market for the producers of Contra Costa and our merchants will get their trade.

It will be of the greatest advantage to both. So let us lose no time in getting the money together and starting the work.

ADVENTISTS MAKE SOME RECOMMENDATIONS.

The California Seventh Day Adventists met again today. There was a large attendance. A recommendation was adopted providing for the organization of a Pacific Union Conference of Seventh Day Adventists, to exercise supreme jurisdiction of the denominational work in the States of California, Oregon, Washington, Idaho, Montana, Utah, Nevada, Arizona, Alaska, British Columbia, and the Hawaiian Islands, and such other territory as may hereafter come under its provisions. This will include the evangelistic, educational, medical and publishing work. The object of this organization as stated in its constitution is to unify and extend the work of the everlasting Gospel throughout the conference and the mission fields of the world.

Similar organizations have already been formed which include the various conferences throughout the entire world. The officers of the Union Conference consist of a president, secretary, treasurer and auditor and an executive committee of nine members, to include the president of the Union Conference and the president of each local conference, to hold office for two years.

RECEPTION AT CAPWELL HOME.

Employees of the well-known Firm Are Given a Pleasant Evening.

One of the most pleasant occasions of the week was the reception tendered Thursday night by Mr. and Mrs. H. C. Capwell at their new home in Piedmont to the employees of the Lacey House. The reception was in the nature of a housewarming as well as one of the opportunities which the proprietors of the Lacey House always take to cement the good feeling that always exists in that establishment.

The beautiful home of the Capwells is on the corner of Fairview and Oakland avenues—one of the prettiest spots in Piedmont. The decoration commenced at the rustic arch which spanned the entrance to the grounds and extended to every room in the house. The guests, who numbered half a hundred, were received under a canopy of Chinese lanterns by Mr. and Mrs. Capwell and were cordially tendered the freedom of wherever their fancy might lead them. The halls, parlor, billiard room, dining-room and cloak rooms were very tastefully decorated with greenery and flowers and presented a very festive appearance. The evening was passed with music, songs and recitations and it was just midnight when the guests departed after partaking of a beautiful buffet banquet.

Mrs. Capwell and Mr. A. L. Lavenson presided at the piano during a delightfully informal concert in the billiard room and a selection of songs and guitar music added much to the enjoyment of the guests. Before taking the cars into town the guests, among whom were a number of well known local musicians, sang several choruses on the moonlit lawn.

The guests were: Mr. and Mrs. H. C. Capwell, Mr. A. L. Lavenson, Mr. and Mrs. N. G. Gault, Mr. and Mrs. L. Prosser, Mr. S. W. Booth, Mr. R. J. Jellott, B. P. Seagriff, William McCarthy, C. S. BLUSHING BRIDE TELLS THE SECRET

Mrs. Roy Gillam Explains That She Has Been a Bride Many Weeks.

When Roy Gillam, son of John Gillam, the wealthy East Oakland grocer, left on May 31st last to join a surveying party at the Isle of Guam, his parents and friends were unaware that on the day prior to his departure he had taken unto himself a bride. But the secret has leaked out, and Miss Alice F. Ward, the charming daughter of William W. Ward of the U. S. transport service, blushingly admitted to-day that she is now, and has been since May 31st, young Mrs. Gillam.

The fact of the issuance of the marriage license some time ago was unnoticed at the time and was not known even by the groom's parents. The nuptial knot was tied by Rev. Dr. Baker, pastor of the First Presbyterian Church, in his studio; and the young wife gently broke the news to her parents and father-in-law last evening.

Young Mr. Gillam left the day after the marriage, and Mrs. Gillam expects to join him at Guam, leaving by the steamer in July.

"We had planned to keep the matter quiet," said the blushing bride today, "but now that the secret is out, I might as well admit the truth, for I expect to leave next month to join my husband at the Isle of Guam."

THE LATEST YARN.

A 118burg drama tells this new yarn: I always carry a bottle of Kemp's Balsam in my grip. I take cold easily and a few doses of the Balsam always makes me a well man. Every where I go I speak a good word for Kemp. I take hold of my customers—I take old men and young men, and tell them confidentially what I would do when I take cold. At druggists, 25c and 50c.

There is just one thing to use if your stomach is "out of order" and that "one thing" is Dr. Pierce's Golden Medical Discovery.

The supposition is that you want a prompt cure and a lasting cure. That is why the "Discovery" is recommended as the one thing for your condition. It cures promptly, perfectly and permanently, diseases of the stomach and organs of digestion and nutrition. It's sure to help. It's almost sure to cure. It has completely cured ninety-eight per cent. of all those who have taken it as directed, and given it a fair and faithful trial.

"About ten years ago I began to have trouble with my stomach. I wrote Mr. Wm. Conolly, of 535 Walnut Street, Omaha, Neb., and he sent me a box of Dr. Pierce's Golden Medical Discovery. I have taken it as directed, and am very happy to state that I commenced to get better from the start and have not lost a day since. I feel better than I have for ten years."

PEDDLER NEARLY KILLED ON FISH RANCH ROAD.

Teddy Joste had occasion to act the part of the Good Samaritan yesterday afternoon on the Fish Ranch road. While he was returning to Oakland over the road he found Nittan Levy, a peddler, lying unconscious near the bottom of a small ravine, the peddler's wagon near by smashed and the horse dead. He promptly removed Levy to the residence of Dr. Benjamin T. Mouser, where it was found, upon a hasty examination that Levy's condition was exceedingly critical, so the injured man was removed to Fabiola Hospital where Dr. R. Fearn attended him. Besides severe bruises and lacerations, Levy is believed to have sustained internal injuries.

## FIRE AT WEST BERKELEY.

Shoe Store of D. A. Wentworth Is  
Destroyed at an  
Early Hour.

WEST BERKELEY, June 7.—Fire destroyed at 2:15 o'clock this morning the shoe store of Delmar A. Wentworth at 1054 University avenue. The blaze started on the outside of the building and in the rear.

By the time the Beach and Blanton Hosiery Companies arrived the interior of the establishment was a mass of flames. It was with considerable difficulty that the volunteer firemen succeeded in taking several cases of footwear from the building.

A sensational feature of the fire was the wholesale theft of the goods which were removed to the street.

The destroyed building was owned by Mr. Wentworth and was fully insured. The owner was absent during the progress of the fire, being in Martinez with his wife.

The loss is estimated at \$5,000.

### FLAMES DISCOVERED.

BERKELEY, June 7.—A fire which threatened the destruction of the California Hotel, the large structure which stands at the northwest corner of University and Shattuck avenues, occurred at 8 o'clock this morning.

The flames were discovered by an attendant of the hotel, who saw the smoke issuing from a window.

It was feared that the flames had started in the bed. The fire was extinguished with hand grenades and buckets of water.

## OLD MAN CANNOT LIVE WITH A BROKEN BACK.

The attending physicians at the Receiving Hospital have given up hopes of saving the life of George Wilson, the aged man who broke his back nearly three weeks ago by falling from a porch about eighteen feet high. The age of the patient militates against his recovery, even though the vertebrae of his spine did knit together. It is not expected that the patient can live more than a few days.
